

PRE-TRADES CONSTRUCTION CRAFT WORKER

(8 WEEK PROGRAM)

PROGRAM OUTLINE

- Health and Safety Awareness
- Working at Heights
- Skid Steer
- Rough Terrain Forklift
- Mini Excavator
- Carpentry skills and Tools Use
- Concrete forming, placing, and finishing
- Motorized Elevated Work Platform
- Chainsaw Operator

PROGRAM INFO

Construction Craft Workers are skilled tradespeople who perform a wide range of construction-related activities, both indoors and outdoors. They are involved in various stages of construction projects, including site preparation, utility installation, concrete work, steel and wood framing, interior and exterior finishing and demolition.

Construction Craft Workers use a variety of hand and power tools to complete their work. They also operate equipment such as backhoes, excavators, and may operate various power tool machines and other equipment as directed, level ground, and move materials.

In addition to their technical skills, Construct Craft Workers are responsible for ensuring job sites are safe for workers and the public.

ADMISSION REQUIREMENTS

All students must have a minimum of a Grade 10 education (Grade 12 preferred), must be 16 years of age or older and must fill out the appropriate application forms and assessments prior to training.

COURSE INFORMATION

This course will run daily Monday to Friday – 9:00 a.m. to 3:30 p.m. – for 8 weeks.
