

Challenge Status Quo

👉 Opportunity for Youth & Ontario Works Participants

Support the Migisi Sahgaigan Governance Policy Project

Migisi Sahgaigan is inviting youth (ages 15–30) and Ontario Works clients who are interested in leadership, governance, or community development to support the Governance Policy project currently underway.

This is a great opportunity to:

- Build new skills
- Gain hands-on experience
- Strengthen confidence
- Contribute to shaping the future of governance in our Nation

Your involvement will help ensure that community voices—especially youth and emerging leaders—are reflected in this important work.

🌟 **What You'll Be Doing**

Participants may help with:

- Assisting during interviews (listening, note-taking)
- Helping ensure youth and member perspectives are included in the policy

These roles are flexible and designed to support your growth while contributing meaningfully to the project.

Confidentiality

Because some information shared during interviews and engagement sessions may be sensitive, participants may be asked to sign a confidentiality agreement.

Interviewees may also choose whether or not to have an assistant present.

Project Timeline

Engagement activities will take place throughout February to March 2026.
